REPORT OF THE

FINANCE COMMITTEE

FOR FISCAL YEAR 2014

WITH RECOMMENDATIONS

FOR FISCAL YEAR 2015

Overview

Granby has a balanced budget for FY 2015.

State Aid to Granby is projected to increase for the coming fiscal year by a minuscule amount: \$19,032. This includes projected meals tax revenues of \$20,000, which did not exist this current fiscal year. If it were not for this revenue item which the Town's taxpayers voted to start, Fiscal Year 2015 would mark the fifth of the last six years that Granby has had a year-to-year decrease in State Aid.

Although there is an increase in Chapter 70 revenue for the Town's Schools, the total projected State Aid for Schools, including School Choice funds, is decreasing by .51%, or \$26,749. School Aid is nearly 85% of Granby's total State Aid, and tends to drive the increases and decreases in State Aid.

As of the writing of this document, a State Budget has not been made final. There are different proposals for budgeted amounts, and some of these figures could change.

The Budget

The budget guidelines for the next fiscal year are once again very tight. Operating budget guidelines for Fiscal Year 2015 call for elected officials to receive 1.5% raises, and for Town employees subject to the Personnel Board to receive step raises (where merited through performance evaluations), plus a 1.5% increase. Guidelines for total budget expenses call for a maximum 2% increase.

Total operating expenses for the Town are up 2.20%. Total budgeted expenses for the Town, including capital items, are up 0.72%. A factor, which helps this small increase, is that Granby's capital budget for next year is \$467,500 versus \$729,000 for Fiscal Year 2014.

Operating expenses for the General Government portion of the budget are up 4.17%, or \$258,710. This includes expenses based on an assumed override of \$363,041 for trash collection.

Direct and allocated operating expenses for Schools in FY 2015 are up 1.17%. Total expenses for Schools, including capital items, are up by only 0.11%. There are capital warrant articles totaling \$205,000 for Schools in this budget versus \$330,000 capital warrant articles in the Fiscal Year 2014 budget.

The allocation for the Schools has generally been the sum of the required net School spending, the override funds previously voted for the Schools, and transportation. For each of the last two years, the School Committee and the Superintendent have requested additional amounts for the School operating budget while they worked to adjust operations to get expenses back in line with the stated guideline. For Fiscal Year 2015 they have succeeded in this effort, and the Finance Committee applauds them for their hard work.

Considerations for the Future

In the last 21 years, Granby has been the beneficiary of about \$20 million in total direct revenue from the landfill operations, and about \$360,000 a year in hidden revenue from "free" trash disposal. After these 21 years, Granby now has around \$4 million in its Stabilization Funds, the Town's savings accounts.

There are always pressures on a Town's budget, and this year is no exception. The Finance Committee has looked at requests for additional personnel and for additional capital equipment. We have voted to recommend that some capital equipment and improvements be purchased; we have also voted to recommend that no additional personnel positions be funded this year.

The Town's recurring revenue streams are barely enough to support the Town's recurring operations. This means that when an additional budget request is made for anything that requires a recurring expenditure, such as a new personnel position, the source of funding must be determined. The Finance Committee asks: is this to be funded by asking for a property tax override, by eliminating a position in another department, or by somehow raising additional annual revenue for the Town. Those are the sources of recurring revenue. A Stabilization Fund is not a source of recurring revenue.

As the Finance Committee thinks about possible solutions to the financial stresses on the Town, one observation stands out: there are inherent financial pressures caused by the nature of the very structure of a “Town” itself. A collection of independent departments and committees, overseen by independently elected officials with no common thread required to be running between them, is a recipe that calls for money to be thrown at problems and disagreements rather than requiring the hard effort to find workable solutions.

Conclusion

Meaningful conversations between some independent operating departments have begun. This has to be part of the solution because no one wants to raise taxes without a very good reason. There are many benefits to living in a Town rather than in a City, and we should try to preserve as many of those benefits as possible.

REPORT OF THE CAPITAL IMPROVEMENT PLANNING COMMITTEE FOR FISCAL YEAR 2014

The CIP Committee met to review the various departmental capital requests for fiscal year 2015. The Committee's function is to accept and prioritize capital requests from all Town departments that have a life expectancy greater than five (5) years and a cost of more than twenty-five thousand dollars (\$25,000).

As was the case in FY2014, the Committee evaluated the proposed projects taking into consideration the financial condition of the Town. While the Town has established a Capital Needs Stabilization Fund, the Committee does not want to expend all of the funds at once but wants to find innovative ways of using these funds to continue granting future requests. While being cognizant of the financial constraints of the Town, this Committee is fully aware that the Town's capital needs do not wait for sound financial times.

After reviewing all requests in light of the Town's fiscal outlook, the Committee is recommending the funding of the following requests:

1. Town Clerk – Voting Equipment	\$14,000
2. Fire Department – Radio Upgrade	\$35,000
3. Police Department – Marked Cruiser	\$36,500
4. Highway Department – Hooklift Truck	\$129,000
5. Highway Department – Paving Parking Lot	\$70,500
6. School Department – Dishwasher	\$35,000
7. School Department – Steamer	\$40,000
8. School Department – Security Upgrade	<u>\$130,000</u>
Total	\$490,000
