Restoring our Past to Preserve our Future

Chester Kellogg

## Help Restore Kellogg Hall

We need YOU! Help us to restore and preserve Granby's Kellogg Hall, formerly the Town Hall of Granby. This key architectural component of our town's historic village center is an outstanding example of Queen Anne architecture, the exterior of which has remained virtually unchanged since 1889.

The Granby Preservation Society, is looking for individuals such as yourself, who want to make a difference. Currently we are made up of local citizens from Granby and surrounding towns who want to restore Kellogg Hall to its original beauty, both inside and out.

The Granby Preservation Society welcomes you, your support and appreciates your contribution.
