

Russell A. Ducharme, Jr.
Inspector of Buildings

TOWN OF GRANBY

Department of Inspectional Services

10B West State St.

Granby, MA 01033

413-467-7179 Tel. 413-467-2080 Fax.

When applying for a Permit in the Town of Granby please include the following:

-When applying to add additional space to your home (ie: addition, deck, porch or sunroom) or an accessory structure to your property (i.e.: shed, garage, barn, swimming pool, sign, fence or retaining wall over 48") it is required that the applicant receive approval by the Conservation Commission before applying for a permit.

-If you are a Contractor, Electrician or Gas Fitter, please include a certificate of insurance with your company and/or personal name on the certificate and a copy of your license(s). The name on the application should correspond with the name on the license and certificate of insurance. If you are operating under a DBA, the license holder should sign the permit. If you are operating under a corporation, the corporation should have it's own license number and corporate officers are allowed to sign the permit.

-If you are applying to add additional bedrooms, the septic system must be reviewed by a certified sanitation engineer/septic designer. A letter from the sanitation engineer/septic designer must accompany the building permit application.
