

DISPOSAL WORKS CONSTRUCTION PERMIT

At a regular meeting of the Granby Board of Health on September 15, 1975 the Board passed the following regulation effective immediately:

No Disposal Works Construction Permit will be issued for Sewage Disposal Systems to be used commonly by more than one dwelling until or place or business, other than for the repair of existing systems, until May 1, 1976. This regulation shall pertain to but not be limited to: single family dwellings, apartments, condominium units, factories, restaurants, taverns, stores, and beauty salons.
