

Attention:

Granby Landowners

Percolation tests for land in Granby may be conducted only during the months of March and April. Any property requiring a septic system must have a successful percolation test prior to building. Percolation tests are valid for two years. A \$200 fee is due and payable prior to the percolation test. An appointment must be made with me (413) 467-9886 so that I can witness the test. Please call (413) 467-7174 for more information.
